

4th International Conference on Cancer and Breast Cancer Treatment

Theme: Integrating innovation in cancer and breast cancer treatment for better patient outcomes

Date
Nov 20-21, 2026

Venue
Bangkok, Thailand

SCAN ME

Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Conference

Building on the success of our past conferences, we are pleased to announce the “**4th International Conference on Cancer and Breast Cancer Treatment**” taking place on **November 20-21, 2026**, in **Bangkok, Thailand**. The theme for this year’s event is “**Integrating innovation in cancer and breast cancer treatment for better patient outcomes.**” This conference will provide a unique opportunity for healthcare professionals, researchers, and industry leaders to discuss the latest breakthroughs and developments in cancer and breast cancer treatment.

Cancer 2026 Mission: To foster a deeper understanding of cancer therapies and treatments, offering high-quality educational opportunities for all levels of expertise.

Cancer 2026 Vision: With expert speakers, cutting-edge research, and vibrant discussions, the Cancer 2025 conference aims to be a global leader in cancer education and innovation, surpassing all expectations. ([click here for more](#))
