SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Webinar

Building on the success of our past webinar, we are pleased to announce the **4th International Webinar on Cancer and Breast Cancer Treatment**, scheduled for **November 27–28, 2026**. This virtual event will be conducted in the **GMT+7** time zone. This premier webinar serves as a global platform for experts, researchers, and healthcare professionals to exchange groundbreaking research, innovative practices, and the latest advancements in cancer and breast cancer treatment. It brings together professionals from medicine, industry, pharmacology, surgery, academia, and allied healthcare disciplines.

Cancer Science 2026 aims to foster meaningful connections among healthcare and research professionals worldwide. By promoting collaboration and the exchange of knowledge, the event seeks to strengthen a scientific community and drive progress toward a brighter future in cancer research, prevention, and treatment.
